SKILLS

Technical Skills: Responsive Web Design, RESTful APIs, MongoDB, Express.js, Node.js, Git, CSS3, HTML5, Redux, React, JavaScript
Soft Skills: Teamwork, Attention to Detail, Adaptability, Time Management, Effective Communication

PROJECTS

Socjal Sync | *JavaScript, React, Redux, HTML5, CSS3, Git, Responsive Web Design, RESTful APIs*

- 🚀 Deployed Link : https://socialsync-app.netlify.app/
- ⌂ Github Repo : https://github.com/rajgit5/SocialSync.git
- Developed responsive and user-friendly interfaces for social media integration using React and Tailwind CSS.
- Implemented core features such as post creation, likes, comments, and profile management to enhance user engagement.
- Collaborated on integrating frontend with backend RESTful APIs for real-time notifications and data updates.
- Ensured seamless experience across devices by applying responsive web design principles and testing layouts.
- Utilized version control tools like Git to manage codebase and support collaborative development.

Blonja | *JavaScript, React, Git, Node.js, Express.js, MongoDB, RESTful APIs, HTML5, Responsive Web Design, CSS3*

- 🚀 Deployed Link : https://edusity-2zcm.vercel.app/
- ⌂ Github Repo : https://github.com/Sanjanadeveloper/Blonja
- Developed a responsive and user-friendly blog interface using React and Tailwind CSS to enhance user experience.
- Implemented backend APIs and business logic with Node.js and Express.js for efficient blog management.
- Managed data storage and retrieval using MongoDB, supporting user information and blog content.
- Integrated AI-powered blog generation to assist admins in creating intelligent and relevant content.
- Established authentication and authorization features to control user roles and secure admin functionalities.
